## How To:

Step 1

Pull out webbing

Step 2

Hook both ends

Step 3

Crank handle back and forth

Step 4

Secure and Tie

Step 5

**EZ Release<sup>®</sup> Inside**

EZ Release<sup>®</sup> will help you to release webbing by spinning mandrel itself.

NO webbing gets stuck. Guaranteed!

Step 6

Webbing rewinds itself

Say goodbye to tangled webbing!!

**ezload**<sup>®</sup>
